On your designated day(s) to apply, call the LAHelpU Customer Service Center at **1-888-524-3578**, between 8 a.m. and 5 p.m. A caseworker will walk you through the application on the phone, verifying your identity and residency, your household income, resources and disaster-related expenses.

After the interview, you will be told whether you are approved to receive DSNAP and, if so, how much. You will also receive a letter in the mail confirming the eligibility decision made on your application.

If approved for DSNAP benefits, your card will be mailed or sent through FedEx to you.

If you are staying in a shelter or state-provided hotel room, be sure to tell the caseworker so your card can be sent to your hotel/shelter.
